Radha Mohan Singh Launches Krishi Vigyan Kendra Portal

July 8, 2016  Virendra  National  0

Radha Mohan Singh

Spread the love

Union Minister of Agriculture and Farmers
Welfare, Shri Radha Mohan Singh formally launched Krishi Vigyan Kendra (KVK) portal
http://kvk.icar.gov.in

- Minister of State for Agriculture and Farmers Welfare, Shri S.S Ahluwalia, the Minister of State for Agriculture and Farmers Welfare, Shri Parshottam Rupala, the Minister of State for Agriculture and Farmers Welfare, Shri Sudarshan Bhagat and Secretary, ADF, Shri Devendra Chaudhary also graced the occasion.
- There are 645 Krishi Vigyan Kendra's (KVKs) in the country.
- Each KVK has direct interface with at least 1000 farmers.
- This portal will provide a platform to provide the information and advisory to the farmers and facilitate online monitoring of the KVK activities.
- KVKs are the main center of knowledge and resource in the field of agriculture at the district level and this portal will help in monitoring at the National level and in providing timely information and advisory to the farmers.

Mandate of KVK is Technology Assessment and Demonstration for its Application and Capacity Development:

a. On-farm testing to assess the location specificity of agricultural technologies under various farming systems.
b. Frontline demonstrations to establish production potential of technologies on the farmers' fields.
c. Capacity development of farmers and extension personnel to update their knowledge and skills on modern agricultural technologies.
d. To work as Knowledge and Resource Centre of agricultural technologies for supporting initiatives of public, private and voluntary sector in improving the agricultural economy of the district.
e. Provide farm advisories using ICT and other media means on varied subjects of interest to farmers

After the Modi Government, third party evaluation of KVKs was initiated:

i. Monthly, quarterly and half yearly monitoring was enforced.
ii. KVKs are being sanctioned to only those Institutions who have at least 5 years of experience of working in Agriculture.
iii. While sanctioning KVKs to NGOs, it has been made mandatory for the host Institution to mortgage about 20.0 ha

Govt rolls out Krishi Vigyan Kendra portal for monitoring of farm centres

PTI
Published: Jul 8, 2016, 2:45 pm IST
Updated: Jul 8, 2016, 2:48 pm IST

The KVK portal will provide information related to all schemes, market development and weather updates, besides advisory to farmers.

New Delhi: Agriculture Minister Radha Mohan Singh on July 8 launched an online portal designed to monitor functioning of nearly 645 Krishi Vigyan Kendras (KVKhS), known as farm-science centres, spread across the country.

The KVKhS, which have a mandate to assess agri-technology and demonstrate to farmers application and capacity development, are being set up in rural districts. Each KVKhS has direct interface with at least 1,000 farmers.

"The KVKhS portal will provide information related to all schemes, market development and weather updates, besides advisory to farmers. This portal will also facilitate online monitoring of KVKhS," Singh told reporters after the launch.

The portal is necessary because at present information related to KVKhS is not available at one point for the monitoring purpose. Also, farmers and other stakeholders had a tough time in accessing details, he said.
क्या है कृषि विज्ञान केन्द्र पोर्टल- पूर्ण विवरण

By: Bavita

Shri Radha Mohan Singh Launches Krishi Vigyan Kendra (KVK) Portal

KVK portal will Help in Monitoring at the National Level and in Providing Timely Information and Advisory to the Farmers: Radha Mohan Singh

The Union Minister of Agriculture and Farmers Welfare, Shri Radha Mohan Singh formally launched Krishi Vigyan Kendra (KVK) portal (http://kvyk.icar.gov.in) today in New Delhi. The Minister of State for Agriculture and Farmers Welfare, Shri S.S Ahluwalia, the Minister of State for Agriculture and Farmers Welfare, Shri Parshottam Rupala, the Minister of State for Agriculture and Farmers Welfare, Shri Sudarshan Bhagat and Secretary, ADF, Shri Devendra Chaudhary also graced the occasion.

Speaking on the occasion the Union Minister of Agriculture & Farmers Welfare said that there are 645 Krishi VigyanKendra’s (KVKs) in the country. These centres are established in the Rural Districts of the country. Each KVK has direct interface with at least 1000 farmers. As the information related to KVK was not available at one place at the National Level, the farmers and other stakeholders had difficulty in accessing the information and also there was no online monitoring system at the National level to review and monitor the functioning of KVKs against the mandates and objectives. This portal will provide a platform to provide the information and advisory to the farmers and facilitate online monitoring of the KVK activities.

Shri Singh said that the KVKs are the main center of knowledge and resource in the field of agriculture at the district level and this portal will help in monitoring at the National level and in providing timely information and advisory to the farmers.

Mandate and Activities of KVKs:

The mandate of KVK is Technology Assessment and Demonstration for its Application and Capacity Development.

To implement the mandate effectively, the following activities are envisaged for each KVK.

a) On-farm testing to assess the location specificity of agricultural technologies under various farming systems.

b) Frontline demonstrations to establish production potential of technologies on the farmers’ fields.

c) Capacity development of farmers and extension personnel to update their knowledge and skills on modern agricultural technologies.

d) To work as Knowledge and Resource Centre of agricultural technologies for supporting initiatives of public, private and voluntary sector in improving the agricultural economy of the district.

e) Provide farm advisories using ICT and other media means on varied subjects of interest to farmers

In addition, KVK produce quality technological products (seed, planting material, bio-agents, livestock) and make it available to farmers, organize frontline extension activities, identify and document selected farm innovations and converge with ongoing schemes and programmes within the mandate of KVK.

After the Modi Government, third party evaluation of KVKs was initiated.

1. Monthly, quarterly and half yearly monitoring was enforced.

2. The KVKs are being sanctioned to only those Institutions who have at least 5 years of experience of working in Agriculture.

3. While sanctioning KVKs to NGOs, it has been made mandatory for the host Institution to mortgage about 20.0 ha of land in the favor of ICAR.

4. The monitoring process has also been initiated at the district level in convergence with related Departments by constituting advisory committee and Action Plans.
Features of the Portal:

1. The portal provides provisions for online monitoring of KVKs which will include reporting of major events on regular basis and submission of monthly reports online.
2. The portal will also provide information on different services being provided by different KVKs.
3. Weather and Market related informations can also be accessed by the farmers and others.
4. The forthcoming programmes will also be available on the website which will benefit farmers and youth in joining different training programmes being organized by KVKs.
5. Question and answer facility will also be available for the farmers.
6. Agriculture related information of the districts will also be available on the portal.
7. The farmers and the Agricultural Officers may register themselves and seek different informations related to KVKs.

NEW DELHI, JULY 8: The Centre has launched a Krishi Vigyan Kendra (KVK) portal for online monitoring and review of the 645 centres focussing on farm knowledge and research spread across the country and also to provide a platform for providing information and advisories to farmers.

“Each of the 645 KVKs has direct interface with at least 1,000 farmers. But the information related to KVKs was not available at one place at the national level and farmers and other stakeholders had difficulty in accessing the information. Also there was no national online monitoring system,” Agriculture Minister Radha Mohan Singh said adding that the new portal would solve all these problems.

The portal (http://kvksa.gov.in) was launched by Singh on Monday. Weather and market related information can also be accessed on the portal while farmers and other stakeholders can also pose agriculture-related questions on the website which will be answered by experts.

Portal to focus on farm knowledge, research

9 July 2016, New Delhi, Team MP.

Focusing on farm knowledge and research spread across the country, Union Agriculture Minister Radha Mohan Singh on Friday launched a Krishi Vigyan Kendra (KVK) portal for online monitoring and review of the 645 centres.

The portal has also been launched to provide a platform for providing information and advisories to farmers.

"Each of the 645 KVKs has direct interface with at least 1,000 farmers. But the information related to KVKs was not available at one place at the national level and farmers and other stakeholders had difficulty in accessing the information.

Also there was no national online monitoring system," Singh said, adding that the new portal would solve all these problems.

The portal (http://kovicar.gov.in) was launched by the ministry on Monday. Apart from online monitoring of KVKs, which will include reporting of major events on a regular basis and submission of monthly reports online, the portal will also provide information on different services being provided by them.

Weather and market-related information can also be accessed on the portal, a release said, adding that information on events such as training programmes organised by the KVKs would be available too.

Farmers and other stakeholders can also pose agriculture related questions on the website which will be answered by experts.
