This newsletter highlights some of the salient research and training achievements made and other significant activities performed during the period under report.

A software “Web Generation of Experimental Designs Balanced for Indirect Effects of Treatments” has been developed which generates randomized layout of series of Neighbour Balanced Block Designs and Crossover Designs. An online catalogue of these designs has also been included in the software. In veterinary experiments, it is important to design trials requiring minimum number of animals to achieve the objectives and to analyze the data using appropriate statistical techniques. Some methods of constructing designs involving alternating treatments sequences have been developed. Some series of symmetric/asymmetric designs with factorial treatment structure suitable for multi-component drug-drug interaction study in veterinary trials have also been obtained.

One training programme under NAIP Project SSCNARS and four other national training programmes which include Recent Advances in Sample Surveys and Analysis of Survey Data using Statistical Softwares, one Winter School on Recent Advances on Quantitative Genetics and Statistical Genomics sponsored by Education Division of ICAR, one Refresher Training Programme on Agricultural Statistics Sponsored by Govt. of Andhra Pradesh and one Refresher Course on Small Area Estimation sponsored by Ministry of Statistics & Programme Implementation, Government of India were organised. 91 participants attended these training programmes. One Hindi Workshop on MS Excel was also organised.

Scientists of the institute received various awards from Indian Society of Agricultural Statistics during International Conference on Statistics and Informatics in Agricultural Research. Dr. VK Gupta, ICAR National Professor and Dr. VK Bhatia were awarded ISAS Fellows; Dr. Prajneshu received Sankhyaiky Bhushan Award; Dr Seema Jaggi received Prof. PV Sukhatme Gold Medal Award; Dr. Hukum Chandra received Dr. DN Lal Memorial Lecture Award and Dr. Ranjit Kumar Paul received Dr. GR Seth Memorial Young Scientist Award. Three research papers published in Journal of Indian Society of Agricultural statistics were awarded Best Paper Award. One more research paper was awarded Best Paper in the National Conference on “NexGen Biotechnology: Amalgamating Science and Technology” at Kurukshetra University. Scientists of the Institute visited various countries on different assignments.

Scientists of the Institute have published 10 research papers, 04 popular articles, 02 book chapters and 02 project reports. 85 research papers were presented in number of conferences/ symposia/ workshops, etc. It is hoped that the contents of this document would be informative and useful for scientists in NARS. Any suggestions for improving the contents of the newsletter further would be highly appreciated.
RESEARCH ACHIEVEMENTS

- **Web Generation of Experimental Designs Balanced for Indirect Effects of Treatments.**
  - A large number of Neighbour Balanced Designs and Crossover Designs are developed in the literature. For easy accessibility and quick reference of these designs by the experimenters, a software Web Generation of Experimental Designs Balanced for Indirect Effects of Treatments has been developed and deployed at www.iasri.res.in/webdbie.
  - The software generates five classes of Neighbour Balanced Block Designs (v treatments, b blocks, r replications and k block size) and eight classes of Crossover Designs (v treatments, p periods and n units/sequences).
  - The webpage displays the layout plans along with the randomized layout for given number of treatments. The parameters of the designs so generated are also displayed. The details of the designs are also included.
  - The online catalogue (v ≤ 20) of Neighbour Balanced Designs and Crossover Designs has been developed and is included in the software. Search facility of all designs and designs for some particular value of parameters has been provided along with showing the layout of the design.
This software provides freely available solution for the researchers and students working in this area.

**Efficient Experimental Designs for Drug Testing in Veterinary Trials.** For ethical and economic reasons, it is important to design veterinary trials requiring minimum number of animals to achieve the objectives and to analyze the data using appropriate statistical techniques. Some methods of constructing small designs for making comparisons of investigational products with an active control/placebo have been obtained. Designs have also been obtained for comparing investigational products with two controls (one active control and placebo) for facilitating the experimenter to pursue multiple goals in one trial like establishing superiority to placebo and at the same time allowing comparisons of the investigational products with an active control. The efficiency of these designs under a nested model (considering several observational units within each experimental unit), in comparison to an orthogonal design with same number of treatments and number of observations has been studied. Reversal or switch back designs allow for studying the reversal effects of treatments and are useful for seeing short-term effects of treatments on animals. Reversal sequences are also called switch back sequences or alternating treatments sequences. Some methods of constructing designs involving alternating treatments sequences have been developed. Further, in a drug-drug interaction study the purpose of the experimenter is to investigate whether co-administration of two or several drugs will alter the absorption profile of each drug. Some series of symmetric/asymmetric designs with factorial treatment structure suitable for multi-component drug-drug interaction study in veterinary trials have also been obtained.

Details of Workshop Organised

1. एम.एस.-एक्सेल (हिंदी कार्यशाला) | भा.कृ.सार.अ.स., नई दिल्ली | 27 नवम्बर 2012 | भा.कृ.सार.अ.स., नई दिल्ली | 20

Conference Organized

- **20th Annual Conference and Silver Jubilee of the Agricultural Economics Research Association (AERA) India** on the theme “Agricultural Inputs and Services Delivery System for Accelerating Growth and Improving Farm Income” held at Division of Agricultural Economics, Indian Agricultural Research Institute, New Delhi organized by IARI, NCAP and IASRI during 09-11 October 2012. Dr. VK Bhatia was the Co-chairman of Technical Session II: Agricultural Research, Extension and Input Services and Dr. Seema Jaggi was the panelist in the Planery Session II on Strengthening Agricultural Policy Research.

- **International Conference on Statistics and Informatics in Agricultural Research (ICSI 2012)** by the Indian Society of Agricultural Statistics as its 66th Annual Conference during December 18-20, 2012 at Indian Agricultural Statistics Research Institute, New Delhi. Dr. VK Gupta was the Organizing Chair, Dr. VK Bhatia was the Organizing Co-Chair and Dr. Rajender Parsad was the organizing secretary for the Conference. The conference was attended by more than 250 delegates from 6 different countries (USA, Canada, Jordan, Sri Lanka, Botswana and India). There were 3 memorial lectures, one keynote address, two plenary talks and 3 distinguished lectures. 20 sessions of invited papers (including one...
Panel discussion on Knowledge Management in Agriculture were also organised. More than 140 contributed papers were presented in 14 different sessions. Following sessions were convened by the scientists of the Institute:

AWARDS AND RECOGNITION

- Scientists of the Institute received following awards from Indian Society of Agricultural Statistics (ISAS) during its 66th Annual Conference organised as as International Conference on Statistics and Informatics in Agricultural Research at IASRI, New Delhi during December 18-20, 2012.
  - **ISAS Fellows**
    - Dr. VK Gupta, ICAR National Professor
    - Dr. VK Bhatia, Director, IASRI
  - **Sankhyiki Bhushan Award**
    - Dr. Prajneshu, Head
  - **Prof. PV Sukhatme Gold Medal Award**
    - Dr. Seema Jaggi, Senior Scientist
  - **Dr. DN Lal Memorial Lecture Award**
    - Dr. Hukum Chandra, Senior Scientist
  - **Dr. GR Seth Memorial Young Scientist Award**
    - Dr. Ranjit Kumar Paul, Scientist
  - **Following papers published during 2010-11 in Journal of ISAS were awarded Best Paper Design of Experiments**
    - VK Gupta, AK Nigam, Rajender Parsad, LM Bhar and Subrat Keshori Behera. Resolvable Block Designs for Factorial Experiments with Full Main Effect Efficiency. 65(3), December, 2011, 305-315
  - **Sample Surveys**
    - UC Sud, Hukum Chandra and Raj S Chhikara. Domain Estimation in the Presence of non-Response. 64(3), December, 2010, 343-347
  - **Applied Statistics**
  - **Dr. B.N. Mandal selected for Indo-Australia Early Career S & T Visiting Fellowship 2012-13.**
  - **Sh. KK Chaturvedi became member of editorial board in International Journal of Advanced Research in Computer and Communication Engineering (IJARCCE, [http://www.ijarcce.com](http://www.ijarcce.com)). ISSN 2278-1021, Journal of Computer Science and Engineering (JCSE, [www.journalcse.co.uk](http://www.journalcse.co.uk)). ISSN 2043-9091 and International Journal of Emerging Technology & Advanced Engineering (IJETAE, [www.ijetae.com](http://www.ijetae.com)). ISSN 2250-2459**
VISIT ABROAD

- Dr. Prajneshu visited USA during October 05-07, 2012 and participated in the International Conference on Advances in Interdisciplinary Statistics and Combinatorics held at UNCG, USA.
- Dr UC Sud visited Bangladesh during 16-23 October 2012 and during 18-20 December 2012 for the Consultancy on Harmonization and Dissemination of Unified Agricultural Production Statistics in Bangladesh.

Distinguished Visitors

PANORAMA OF ACTIVITIES

Seminars Delivered

Seminars on different areas of Agricultural Statistics, Computer Application and Bioinformatics were delivered. These seminars include presentation of salient findings of the completed research projects by the scientists, Thesis/ORW/Course seminars of students of M.Sc. and Ph.D. (Agricultural Statistics), M.Sc. (Computer Application) and M.Sc. (Bioinformatics) and Guest seminars.

During the period three guest seminars were delivered by i) Dr. Madan Kr. Bhattacharya, Professor, Iowa State University, USA on One Possible Mechanism involved in Foliar Sudden Death Syndrome development in Soybean, ii) Dr. Pushpendra Gupta, NASI-Senior Scientist on Recent Advances in Quantitative Genetics and iii) Dr. Shyamal D. Peddada, Biostatistics Branch, National Institute of Environmental Health Sciences (NIH), Research Triangle Park, NC 27709 on Identification of a set of signature cell-cycle genes whose relative phase order is conserved across species.

INVITED LECTURES DELIVERED

- Training programme organized by NASA, Greater Noida, UP, for the participants from DES Jammu & Kashmir during 01-12 October 2012.
  - Sud, UC. Small Area Estimation Procedure and its uses in Agriculture Statistics (Two lectures)
- Workshop on Randomised Response Techniques at Govt. Medical Hospital College, Chandigarh on 20 October 2012.
  - Tyagi, KK. Randomized Response Techniques.
- Farmers training programme at NRCSS, Ajmer on 30 October 2012 and at Krishihi Vigyan Kendra, Tabiji, Ajmer under Rajasthan Agricultural University on 31 October 2012.
- Training programme on Analysis of Experimental Data Using SAS organized at NAARM, Hyderabad under the aegis of NAIP Consortium on Strengthening Statistical Computing for NARS during 02-08 November 2012.
  - Parsad Rajender. Design Resources Server and Indian NARS Statistical Computing Portal through WebEx session (Two lectures)
- Dr. Wasi Alam delivered invited lecture on the topic “Simulation modelling and design of experiments” on 09 November 2012 at IARI, New Delhi.
- 6-days’ training on “Analysis of Design of Experiments using SAS” during 19-24 November 2012 organized by Department of Agricultural Statistics and Social Science, College of Agriculture, Indira Gandhi Agricultural University, Raipur.
  - Lal Krishan. i) Incomplete block designs ii) Factorial experiments, iii) Analysis of Covariance\ iv) Combined analysis of data v) Response surface designs vi) Experiments with mixtures vii) Analysis of repeated measures and viii) Principal component analysis
- Subject-Matter training under the NAIP funded project “Establishment of National Agricultural Bioinformatics Grid” (NABG) held at NBFGR, Lucknow during 27 November - 07 December 2012.
  - Dr. Dinesh Kumar. i) Analytical tools in Functional and Comparative genomics in Fisheries Domain ii) Bioinformatics tools for genome annotations and iii) Computational approach for germplasm identification at subspecies level in fishes using STR and SNP markers followed by practical on demo dataset of ten experiments.

PAPERS PRESENTED

- 20th Annual Conference and Silver Jubilee of the Agricultural Economics Research Association (AERA) India held at Division of Agricultural Economics, Indian Agricultural Research Institute, New Delhi during 09-11 October 2012.
  - G., Arun, Singh, Dharam Raj*, Kumar, Shiv and Kumar, Anil. Canal irrigation management through water users associations and its impact on efficiency, equity and reliability in water use in Tamil Nadu.
- VI International Conference on Legume Genetics and Genomics held at Hyderabad during 02-07 October 2012.
• National Conference on Managing Threatening Diseases of Horticultural, Medicinal, Aromatic and Field Crops in Relation to Changing Climatic Situation at IISR Lucknow during 03-05 November 2012.
  – Agrawal, Ranjana. Forewarning powdery mildew in Mango. (Theme Paper)
• XXX Workshop of AICRP on Integrated Farming Systems on 16-19 November 2012 at ICAR Research Complex for Goa
  – Kumar, Anil*, Varghese, Eldho and Parsad, Rajender. Progress of the project of OSR experiments and the layout plan randomization procedure for climate change experiment.
• National Conference on “NexGen Biotechnology: Amalgamating Science and Technology” organized at Kurukshetra University, during 23-24 November 2012.
• 6th International Conference on Quality, Reliability, Infocomm Technology and Industrial Technology Management (ICQRITITM 2012) during 26-28 November 2012 at University of Delhi, Delhi (India).
• Third International Agronomy Congress organized at IARI, New Delhi during 26-30 November 2012
  – Kumar, Anil*, Kumar, Pramod, Singh, Gyan, Panwar, Sanjeev and Choudhary, Vipin Kumar. Application of multivariate analysis for economic evaluation of cycles of different crop rotations.
• 12th International Conference of Hybrid Intelligent Systems (HIS) at MIT College of Engineering, Pune during 05-06 December 2012.
  – Sudeep. Decision support system for research project duplication detection.
• International Consultative Meeting on Seribiotechnology 2012 (ICMS 2012) at DBT institute IBSD at IITG, Imphal Manipur during 05-07 December 2012.
  – Kumar, Dinesh. Global mapping of Intellectual property of silk genome and its products challenges and issues for India. (Invited lead paper)
• International Symposium on Bioengineering in - 2012 at IIT, Guwahati on 10 December 2012.
  – Kumar, Dinesh. Bioinformatics tools for genome annotations. (Invited talk)

Invited Papers
  – Agrawal, Ranjana and Kumar, Amrender*. Models for forecasting crop yields, pests and diseases: IASRI approaches.
  – Chandra, Hukum*, Gharde, Yogita and Jain, VK. Small area prediction under unit level model using estimated auxiliary data.
  – Devakumar, C* and Gupta, VK. Pedagogical issues in statistics education.
  – Gaur, HS* and Parsad, Rajender. Policy issues for HRD in agricultural statistics and informatics
  – Ghosh, Himadri. Some stochastic volatility models and their applications.
  – Kaul, Sushila. Data requirement for study of women in Indian agriculture.
  – Prajneshu. Human resource development (HRD) in agricultural statistics: Current status and challenges
  – Sud, UC*, Chandra, Hukum and Gupta, VK. On calibration approach based product estimator.
Contributed Papers

- Ahmad, Tauqueer*, Bathla, HVL, Rai, Anil, Sahoo, Prachi Misra, Gupta, AK and Jain, VK. Statistical evaluation of methodology for estimation of cotton production in India.
- Ahuja, Sangeeta*. Statistical package for agricultural research - Version 3.0 (SPAR 3.0).
- Arora, Alka*, Malhotra, PK, Goyal, RC and Sudeep. Approach for duplication detection in research project documents.
- Arya, Prawin*, N, Sivaramane, Singh, DR and Kumar, Anil. Vertical Integration of value-chain in edible oils markets in India
- Bharadwaj, Anshu*, Islam, SN and Singh, DR. OLAP cubes construction of 61st round NSSO data using multidimensional modeling
- Chandra, H*. Some Innovative Approaches for Small Area Estimation. (Delivered Dr. DN Lal Memorial Lecture).
- Dahiya, Shashi*, Bharadwaj, Anshu, Narwal, Sneh and Bajpai, Shalini. Online software for decision tree classification using simple CART.
- Dasgupta, Pratyush* and Bhar, Lalmohan. Robustness of balanced incomplete block designs for multi-response experiments against missing data.
- Dash, Sukanta*, Parsad, Rajender and Gupta, VK. Row-Column designs for $2^n$ factorial 2-colour microarray experiments for estimations of main effects and two factor interactions for orthogonal parameterization.
- Datta, Anindita*, Jaggi, Seema, Varghese, Cini and Varghese, Eldho. Some series of Row-Column designs with multiple units per cell.
- Gupta, AK*, Chandra, Hukum and Sud, UC. Estimation of meat production in north east hilly region
- Jain, VK* and Gupta, AK. Harvest and post harvest losses of food grain crops.
- Kaul, Sushila. International trade in Indian agriculture and its impact on Indian economy
- Khanduri, OP. Information system for designed experiments.
- Kumar, Amrender*, Singh, KN, Chattopadhyay, C and Vennila, S. Trend analysis of climate variables and their effects on pests of *Pigeonpea*.

*26th* National Conference on Agricultural Marketing during 20-22 December 2012 held at Gokhale Institute of Politics and Economics, Pune.
- Praveen, K.V., Shiv Kumar, Dharam Raj Singh, Prawin Arya*, Khyaliram Chaudhary and Anil Kumar. A study on economic behaviour, perception and attitude of households towards traditional and modern food retailing formats in Kochi.
*JNKVV, Jabalpur on 28 December 2012.*
- Prajneshu. Nonlinear statistical models and their applications. (Invited talk)
PARTICIPATION

Conferences / Workshops / Seminars / Symposia / Trainings etc.

- Training programme on Statistical Model for Forecasting in Agriculture offered by IASRI under CAFT from 11 September – 01 October 2012. (Dr. Eldho Varghese)
- 21 days CAFT’s training programme on Recent Advances in Sample Survey and Analysis of Survey Data Using Statistical Softwares held at IASRI, New Delhi during 03-23 October 2012. (Dr. N. Okendro Singh)
- One day workshop on National Data Sharing and Accessibility Policy on 05 October 2012 organized by National Informatics Centre (NIC) at CGO Complex, New Delhi. (Dr. VK Bhatia, Dr. Seema Jaggi and Dr. Alka Arora)
- Management Development Programme on Leadership Development (a Pre-RMP Programme) training programme organized by NAARM, Hyderabad during 08-19 October 2012. (Dr. Rajender Parsad and Dr. KN Singh)
- 4th Organisation for Economic Cooperation and Development (OECD) World Forum during 16-19 October 2012 at New Delhi. (Dr Hukum Chandra)
- Workshop on Wireless Security organized by the Department of Electronics and Information Technology on 17 October 2012 at Electronics Niketan, CGO Complex, New Delhi. (Sh. S.N Islam, Sh. Virendra Kumar and Sh. Sunil Bhatia)
- Foundation Day Lecture by Sh PK Basu, former Secretary, DAC on the 39th Foundation Day Function of ASRB, organized IARI on 01 November 2012. (Dr KK Tyagi)
- Short term course on Soft Computing Techniques Applications during 05-09 November 2012 at G. B. Pant University of Agriculture and Technology. (Dr. Mir Asif Iquebal)
- XXX Workshop of AICRP on Integrated Farming Systems during 16-19 November 2012 at ICAR Research Complex for Goa. (Dr Anil Kumar and Sh. NK Sharma)
- 26th Workshop on Developing Winning Research Proposals organized by NAIP at NAARM, Hyderabad during 22-23 November 2012. (Dr. Dinesh Kumar, Dr. Anil Rai and Sh Sanjeev Kumar)
- Training course on field trial & QTL Analysis using R & R/QTL at ICRISAT Hyderabad from 03-06 December 2012. (Dr. Susheel Kumar Sarkar)
- National training on Project formulation, risk assessment, scientific report writing and presentations (NAIP funded) in the division of Subterranean Agricultural Engineering, Indian Agricultural Research Institute from 11-15 December 2012. (Dr. Ramasubramanian V, Sh. Arpan Bhowmik)
- International Conference on Reviving Growth organized by Ministry of Finance (Gol), CII and NIPFP under Delhi Economics Conclave-2012 and held at Hotel Taj Palace, New Delhi during 14-15 December 2012. (Dr DR Singh and Dr Prawin Arya)
- 26th Annual Conference of Indian Society of Agricultural Marketing held at Pune during 20-22 December 2012. (Dr. SP Bharadwaj)

Meetings

Meeting with M/s. PricewaterhouseCoopers Pvt. Ltd. (PwC) (who has been selected by NAIP PIU as consultant to undertake "Outcome Focused Impact Evaluation of NAIP" relating to the project “Strengthening Statistical Computing for NARS” on 26 October 2012. (Dr. Ramasubramanian V.)

Meeting held with Chief Statistician and Commissioner of Agriculture, Commissionerate of Agriculture, Govt. of Maharashtra, Pune and their team in their office at Pune on 11 October 2012 (Dr Tauqueer Ahmad)

Meeting held with Director, Directorate of Economics and Statistics, Hyderabad and his team in his office at Hyderabad on 12 October, 2012. (Dr Tauqueer Ahmad)

Meeting of the Technical Committee of Direction for Improvement of Animal Husbandry and Dairying Statistics (TCD) for the year 2012 under the chairmanship of DG (CSO) organized by the Department of Animal Husbandry, Dairying & Fisheries at New Delhi during 29-30 October 2012. (Dr UC Sud).

Meeting constituted to review transfer of internet services of Institute to NKN on 05 November 2012. (Dr Hukum Chandra)

5th meeting of Technical Advisory Committee of Forest Survey of India (FSI) Dehradun on 06 November 2012. (Dr UC Sud)

Meeting related to Establishment of HPC and related infrastructure with HP team to discuss about the preliminary plan of HP for complete implementation held on 06 November 2012 (Sh. SB Lal)

Meeting regarding review of catch assessment survey methodology of inland fisheries under central sector scheme on ‘Strengthening of database and geographical information system for fisheries sector” at CIFRI, Barrackpore, Kolkata (WB) on 17 November 2012. (Dr UC Sud).

BOS meeting on 19 November 2012 at Division of Agricultural Economics, Indian Agricultural Research Institute, New Delhi (Dr. DR Singh)

First meeting of the Expert Committee for the revision of the present methodology being followed by Department of Economics & Statistics and for examining other aspects in respect of Agricultural Statistics as a part of Kerala State Strategic Statistical Plan (KSSSP) at the Govt. Guest House, Thycaud, Thiruvananthapuram, Kerala on 21 November 2012.(Dr UC Sud)

Expert Consultation Meeting of National Agricultural Bioinformatics Grid Project of NAIP held at National Bureau of Agriculturally Important Microorganism (NBAIM) Mau on 26 November 2012. (Dr. Dinesh Kumar, Dr. Anil Rai, Dr. DC Misra and Sh. MS Farooqi).

Meeting of Committee for Updating of Rates and Ratios for compilation of estimates of Domestic Product, Capital Formation and other aggregates of NAS under the Chairmanship of Sh. Ashish Kumar, ADG (NAD) at Central Statistics Office (CSO), Sardar Patel Bhawan, Sandad Marg, New Delhi on 27 November 2012. (Dr UC Sud)

Meeting of Central Board of Secondary Education (CBSE) Committee on finalization of modalities for normalization of JEE (Main), 2013, Govt. of India on 30 November 2012. (Dr Hukum Chandra)

Executing Council meeting of the Indian Society of Agricultural Statistics, at Krishi Bhawan, New Delhi, 04 December 2012

General Body Meeting of the Indian Society of Agricultural Statistics, at IASRI, New Delhi, December 19, 2012

M.F. Sc. (Fisheries Sciences) syllabus revision committee meeting at Division of Genetic and Biotechnology, CIFE, Mumbai on 22 December 2012. (Dr. Dinesh Kumar)
CONSULTANCY / ADVISORY SERVICES PROVIDED

- Dr. Charanjit Kaur, Professor, Division of Post-harvest technology, IARI, New Delhi was advised on the analysis of Box-Behnken design to study the effect of enzyme concentration, incubation temperature and extraction time for the enhanced juice yield and recovery of total anthocyanins from black carrot. Further, multi-response optimization technique was suggested to identify the optimum input combination for the maximum juice yield and total anthocyanine content. (Dr. Seema Jaggi Jointly with Dr. Eldho Varghese)

- Dr. SV Singh, Principal Scientist and Head, Animal Health Division, Central Institute for Research on Goats, Makhdoom, PO-Farah, District Mathura, UP, was advised relating to planning and execution of sample survey to be conducted in a new project proposal (Dr. KK Tyagi).

COMPUTING FACILITIES

Wide Area Network

Internet services have been provided to the users and the website of IASRI is being updated regularly. This site has been visited 193836 times since 01 April 2012 and 1236147 times since 05 September 2003.

REORGANISATION OF DIVISIONS OF THE INSTITUTE

On the recommendations of Quinquennial Review Team (QRT) and with reference to Council’s letter No. 5-10/2011-IA-II(A.E.) dated 06.12.2012, the following two Divisions of the Institute were renamed.

1. Division of “Biometrics and Statistical Modeling Techniques” is renamed as “Statistical Genetics”.

2. Division of “Forecasting & Econometrics Techniques” is renamed as “Forecasting & Agricultural Systems Modeling”.

**PERSONNEL**

**Congratulations on your Appointment**
