Sub: Restricting the choose and pick up method of inviting SAU faculty by different ICAR institutions for meeting etc.

Hon'ble sir,

My Greetings from AAU, Jorhat

Sir, I have observed that many a times our teachers/ scientists are invited by name directly by the Directors/Course Directors etc of ICAR institutes including institutes like NAARM. I feel this is because of personal friendship or understanding between the two more than the technical/academic acumen. This practice deprives others who are better performers in the same field.

I would therefore, request you to kindly issue a directive to all the institutions of ICAR to at least write to the respective Deans or Directors of the university in such events so that they can select the right persons for a particular meeting/seminar/workshop to be deputed.

Thanking you.

Yours faithfully,

(K.M. Bisbaruah)
