

Mandate

The Goal of the Institute is to conduct research, education and training in Agricultural Statistics and Computer Applications in Agriculture. The vision of the institute is to use the power of Statistics as a science blended judiciously with Information Communication Technology to enhance the quality of agricultural research. To convert this vision into a reality, the institute has set for itself a mission to undertake research, teaching and training in Agricultural Statistics and Computer Applications so that these efforts culminate into improved quality of agricultural research and also meet the challenges of agricultural research in newer emerging areas. The functions and activities of the Institute have been re-defined from time to time in the past. The present mandate of the Institute is :

1. Research, Education and Training in agricultural statistics, computer applications in agriculture and agricultural bioinformatics
2. Advisory/ consultancy services/ methodological support/ computational solutions to NARES/NASS (National Agricultural Research and Education System/ National Agricultural Statistics System)
